

FIRST AID / ADVANCED FIRST AID TRAINER

First Response Australia (FRA) is one of Australia's most respected registered training organisations, offering emergency care programs and services since 1989. Our diverse organisation prides itself in being at the forefront of innovation in learning and technology in emergency care. FRA provides a complete service in pre-hospital care from our extensive range of training programs; supply of specialised emergency care equipment and medic coverage for events.

Due to our continued growth and demand for first aid and high end training, we are seeking a permanent part time trainer to join our team. The successful candidate will enjoy a rewarding career with a pioneering and people focused company. The position is to be based in Cairns, Tropical North Queensland.

ROLE DESCRIPTION

To deliver a range of First Aid and Pre-Hospital Care programs in accordance with FRA and ASQA guidelines. These programs may be delivered in a variety of locations nationally.

Participation in professional development programs will be expected with strong focus on continuous improvement.

SELECTION CRITERIA

- Must be based in Cairns, Qld
- Must have Cert IV in Assessment and Workplace Training (TAE40116)
- Cert IV in Pre-Hospital Emergency Medical Response or equivalent (highly regarded)
- Diploma of Paramedical Science (highly regarded)
- Must have at least 2 years minimum industry experience
- Experience in training delivery
- Must be flexible and willing to travel to remote areas for work
- Ability to work unsupervised
- Enjoy working as a team
- A pro-active approach to continuous improvement
- High standard of presentation
- Excellent time management and planning skills
- Proficient Computer skills (Mac preferred not essential)
- Have a current Australian Drivers License (manual)
