

# Event MEDICS

*First Response Australia can assist in your risk management obligations to provide a safe event*

FRA supplies fully qualified **Advanced Care Paramedics** and **Emergency Medical Technicians** ready to provide the best skills and equipment to deal with any medical or trauma emergency at a **Pre-Hospital care** level.

FRA is a '**Recognised Paramedical Service**' endorsed by Queensland Health to carry a full range of emergency drugs. Our Paramedics and Emergency Medical Technicians are professionally trained and have extensive experience with emergency management in a public environment.

Our **Medical Field Support Ambulances** are equipped with all the latest response equipment to deal with emergency situations ranging from minor cuts to cardiac arrest.

*Minimum equipment includes but not limited to:*

- Full Paramedical Emergency Drug Kit used by our Paramedics
- Oxygen Resuscitation Kit with ResQPODs & CardioPumps
- Advanced Airway Management Equipment
- Intravenous Fluid Therapy and Intraosseous Equipment
- Defibrillator / Cardiac Monitors
- Trauma Kit and Advanced Fracture Management Equipment
- Spinal Immobilisation Equipment including full Body Mattress
- Mechanical CPR Device (the only private Paramedical Service in Australia to carry this)
