ZOLL AED 3

(analyses and delivers a shock in 4 seconds !!!!)

Introducing a new defibrillation platform for professional rescuers that builds on our reputation for providing rescuers with unmatched support plus a low total cost of ownership.

The AED 3 takes the best support for rescuers during a rescue to the next level with:

- Real CPR Help that can see your chest compressions during CPR to let you know, in adult rescue mode, when you're doing high-quality.
- CPR at a rate of at least 100 compressions per minute and 5 to 6cm deep for adults.
- CPR Dashboard with compression rate and depth, CPR cycle countdown timer, shock count and total elapsed time.
- Shock delivery 4 seconds after stopping CPR, for a more effective shock.
- Universal CPR Uni-padz for push-button selection of adult or child rescue.
- Reviewable clinical event data showing key statistics, along with ECG and matching chest compressions.

**\$2,995.00 (GST free.)
usually \$3,295.00**

Oxy Boot Resuscitator Bag

This Oxy Boot Resuscitator Kit offers sound protection for the regulator and resuscitation equipment.

The boot has a clear window to see the regulator gauge and also has large zip access making the regulator and cylinder change simple and quick.

A removable pouch on the top houses all the resuscitation equipment. Comes standard with carry handles.

Revolutionary material, 'EnvironFrei' minimises the chance of cross- contamination as it is easy to clean and environmentally friendly.

\$ 449.00 (GST excl.)

Usually \$ 518
