

PHERT

Pre-Hospital Emergency Resuscitation & Trauma Program

COURSE OUTLINE

Target Audience

This unique 3 day multi-disciplinary program is designed to further develop and enhance knowledge and skills of health care professionals.

Suitable to refresh qualifications and gain currency in skills for pre-hospital care providers and provide valuable professional development to any hospital / allied health care worker.

This program consists of 'nationally recognised' units of competency from the Certificate IV in Pre-Hospital Emergency Medical Response (10734NAT).

The program is recognised by the Australasian Registry of Emergency Medical Technicians (AREMT) and delivers the latest advances and innovations in medical and trauma emergency management.

Entry Requirements

Previous / current pre-hospital and allied healthcare qualification (or equivalent).

Units of Competency

- Provide pre-hospital trauma life support (EMRPHC406)
- Undertake comprehensive assessment of a patient and document results (EMRPHC403)
- Undertake intravenous cannulation and fluid therapy (EMRPHC408)
- Implement the universal triage system for pre-hospital care (EMRPHC410)
- Utilise intrathoracic pressure regulation technology within emergency medical care (EMRPHC412)
- Undertake intraosseous vascular access (EMRPHC413)

OPTIONAL:

- Undertake wound assessment, management and closure (EMRPHC407)
- Apply and interpret electrocardiographs (EMRPHC411)

Duration and Mode of Delivery

3 days (face to face) plus pre-course study of approximately 9 hours.

Optional:

- **Wound Closure:** 4 hours (face to face) plus approx. 2 hours pre course study.
- **ECG Recognition:** 4 hours (face to face).

Cost Includes

Workbooks & Electronic Version Statement of Attainment

COURSE CONTENT

- Advanced Airway Management
 - Supraglottic Airways
- Advanced Circulatory Technology
 - Impedance Threshold Devices
 - Active Compression Decompression CPR
- Mechanical Assisted CPR Devices
- Haemorrhage Control
- Intravenous Therapy
- Intraosseous Vascular Access
- Spinal Immobilisation
- Musculoskeletal Immobilisation
- Chemical & Burns Management
- Multi Casualty Incidents (Triage)
- Trauma Emergencies
- Holistic Assessments
