

PHERT

Pre-Hospital
Emergency Resuscitation & Trauma
(incorporating PHTLS)

COURSE OUTLINE

TARGET AUDIENCE:

This unique 3 day multi-disciplinary program is designed to further develop and enhance knowledge and skills of health care professionals.

Suitable to refresh qualifications and gain currency in skills for pre-hospital care providers and provide valuable professional development to any hospital / allied health care worker.

This program consists of 'national recognised' units of competency from the Certificate IV in Emergency Medical Response (10367NAT)

The program is also accredited by the Australian College of Rural and Remote Medicine (ACRRM) and recognised by the Australasian Registry of Emergency Medical Technicians (AREMT).

This program delivers the latest advances and innovations in medical / trauma emergency management
