The fastest Tourniquet on the market

MAT Tourniquet - Gen II

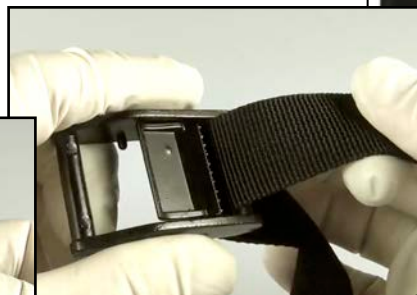

What we consider to be the best arterial tourniquet on the market has now been further improved. The new feature is a new improved adjustment buckle made of metal and not plastic. This allows the webbing to be pulled through the gate of the buckle and lock when pulling stops.

This is made possible by the addition of a spring loaded friction gate allowing the webbing to be pulled through in one direction only.

The other great feature of the MAT remain unchanged:

- * Turn key can be operated with 2 fingers (other tourniquets usually require two hands)
- * Infinite adjustment for tightening the band. Does not have to be unclipped or released to provide additional tensioning.
- * Tourniquet can be easily applied with one hand.
- * Fastest to apply on the market.

New adjustment buckle with spring loaded friction gate

only \$ 36.00 (GST excl.)
normally \$69.00

Bleed Control Kits -

The most comprehensive and best value for money on the market on the market

To compliment our nationally accredited 'Control the Bleed' program, FRA has designed 2 kits for the control of life threatening external bleeds - '**Bleed Control Module**' and '**Major HAEMORRHAGE Kit**'

Both kits are housed in quick access modules. They can be added to existing kits as a module or be 'stand alone'. These represent the most comprehensive kits available today - equipped with ready and easy to use life saving devices.

Our **Bleed Control** includes:

- 1 X MAT TOURNIQUET
 - 1 X COMPRESSED PACKING GAUZE
 - 1 X QUIKLOT HAEMOSTATIC Rolled GAUZE
 - 2 X CONFORMING ROLLER BANDAGE
 - 2 X COMBINE TRAUMA PAD
 - 1 X PR UNIVERSAL SHEARS
 - 1 X THERMAL BLANKET
 - 1 X MARKER PEN
 - 1 X PR GLOVES
 - 1 X CONTROL THE BLEED LEAFLET
- Available in cryopak or soft red pouch

only \$ 85.00 (GST excl.)
normally \$100.00

Our **Major HAEMORRHAGE Kit** includes:

- 2 X MAT TOURNIQUET
